

BEYOND WORDS: BRIDGING UNDERSTANDING WITH CONTEXT & INTENT

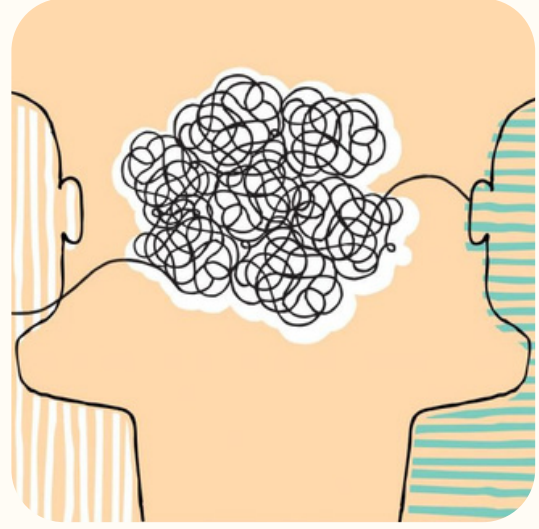

ALL ARE INVITED

Our goal is to raise awareness about how “cognitive dissonance” in intents can create harmful impacts.

Attendees will discover how perceptions can unintentionally create barriers, and learn practical strategies for engaging with curiosity and empathy to break them down.

EVENT HIGHLIGHTS

Speakers, including educators and lawyers, will share insights on the historical roots of systemic racism and practical steps for creating equitable protections. They will also discuss strategies for serving underrepresented communities in impactful ways, drawing from their diverse experiences working with individuals and communities.
